

# AIMGA Bay walk Anzac Day 25th April 2022

A Fun & Fitness 7 Km walk, and Photography Competition was organised for the ANZAC Day

Three cheers for our fun loving and determined walkers. They came in ones and twos, gradually building up to 14 strong contingent by 8.30 AM. Rain wasn't going to stop them.

There was a drizzle and bit coolness in the air. A perfect start to a great outdoors activity.

My earlier telegram to the Rain God was finally acknowledged and the rain had stopped by 9 AM.

After lot of chit chat, clicking of the Cameras and coffee stop on the way, the 7 km walk finished back at the starting point by 10.15 AM

Seven members submitted their best photograph taken during the walk for the Photography competition. Dr Sanjay Sinha based in Dubbo and Dr Geeta Choudhary based in Newcastle were the judges. They did not come for the walk and were NOT supplied with the names of the photographers

Winning Photograph received following critical acclaim from the judges

“We voted this image at first place! It is very hard to capture such pictures where the foreground tree/ features stay in good proportion & still give a peek in the background! These pictures are hardest to do well & as most of us who take pictures regularly would know 9/10 such pictures do not come out well. This one is just right with the foreground acting as a scenic curtain to the rich vista beyond. Everything is in proportion & the light is good enough to capture the reflections of the boats in the background!”

Amrit Hingorani
